## **Information**~~A Consultation Sponsored by the Board of Education~~

Inquiries: Consultation Center of Youth Education(*Seishonen Kyoiku Center*) ☎ 055-951-3440  
(97 Hachiman-cho)

As one month has passed since a new school term started, children have got used to their new school life. At the same time they may feel anxious because of a big change in their surroundings. If you have any trouble with your children, please consult us.

### **\*What kinds of problems can you consult about?**

It is OK to ask for advice even though you have already been consulting at school or you hesitate to consult at school. Please feel free to ask for counseling at the center if you and your children have a trouble such as delinquency or school refusal. Counselors will help you to solve a problem.

### **\*How to consult**

\* **Interview counseling:** Please make a reservation by phone. (☎ 055-951-3440)

When: weekday, 9:00 ~ 17:00

Where: Consultation Center of Youth Education

\* **Telephone counseling (*Yamabiko* Telephone Counseling)**

You can also consult over the telephone.

Counseling staff provides you advice on your problems. \*Please feel free to call us.

When: weekday, 10:00 ~ 19:00 ☎ 055-951-7330

## **Information**

### **Prepare for Landslide Disasters: June is a Landslide Disaster Prevention Month**

Inquiries: River Maintenance Division ☎ 055-934-4786

Landslide disasters such as mudslides are triggered by heavy rain or earthquakes. Soon we'll have the rainy season, which brings heavy rain. Please be prepared for landslide disasters.

#### **Prepare for Landslide Disasters Regularly**

It is important to gain knowledge of disaster prevention and how to evacuate. It is you that protect yourself from disasters.

#### **1. Check the landslide hazardous areas**

Let's check the landslide and mudslide hazardous areas. You can check the hazardous areas on the prefectural government website. <http://www.pref.shizuoka.jp/kensetsu/ke-350/>

#### **2. Make sure where the shelters are and how to get there**

Let's walk on the evacuation route with your family members.

#### **3. Pay attention to TV and radio news**

Check the broadcast information and think about how to act for yourself.

#### **4. Prepare disaster supplies**

Let's prepare a bag with disaster supplies and keep it near you so that you can bring it with you anytime.

**“*Dosha Saigai Keikai Joho* (heavy rain warning messages)”**

These messages urge you to evacuate in order to protect you from *dosha saigai* (landslide disasters). If there is a growing risk of landslide disasters, the warning is issued in the following ways.

- \*On TV or radio news
- \*In municipal wireless communication system
- \*On the prefectural disaster prevention information website: <http://sipos.shizuoka2.jp/>
- \*the Meteorological Agency: <http://www.jma.go.jp/>

**Information** Report on the Condition of Household Garbage in Numazu

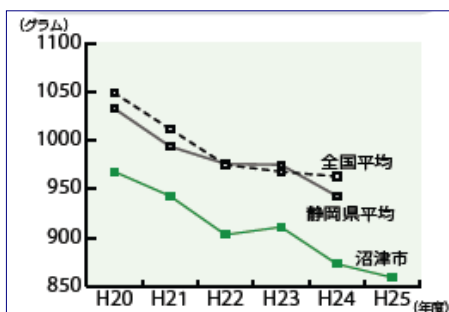

Inquiries: Garbage Control Promotion Division ☎ 055-934-4743

**■The Total Amount of Household Garbage Taken Out**

The total amount of household garbage taken out in Numazu city in the fiscal year 2013 was 61,464 tons, which includes garbage to be burnt, landfill waste, plastic containers and packages, plastic waste for thermal source, and waste to be recycled. This number becomes 859g when converted into the amount of garbage which is taken out by a person in a day and it is below the national or the prefectural average. **About half** of the total weight of “**burnable garbage**” is the weight of **water**, so you can reduce the amount of kitchen garbage greatly by draining off the water from the garbage before taking it out. City government will truly appreciate your further cooperation in reducing the amount of household garbage.

**Thanks to your kind understanding and cooperation, Numazu city has obtained good results of the effort to reduce the amount of the household garbage.**

<Amount of Household Garbage Taken Out by a Person in a Day>

(National Average )  
(Shizuoka Prefectural Average )  
(Numazu Municipal Average )

※The amount of the garbage taken out by a person in the fiscal 2013 is the preliminary figure of Numazu city.

**■Analysis of the Composition of Plastic Containers and Packages**

Numazu city recycles plastic containers and packages collected in the city. Chemical composition analysis is conducted every month to check whether the garbage is separated properly, because plastic containers and packages are not able to be recycled if they are dirty or contain foreign substances. In the fiscal 2013, the average rate of plastic containers and packages which are separated properly is 94.0%, but the percentage sometimes fell below 90%. There were also some cases in which **razors or batteries were mixed in** the garbage. If these cases occur frequently, Japan Plastic Containers Recycle Association, which Numazu city commits the garbage to, might refuse to take over the garbage.

## Be an Expert at Separating Plastic Waste ~Easy Way to Do ~

☞ Plastic containers and packages which remain dirty cannot be recycled. First, wash them with water lightly, then, take them out on the Collection Day for Plastic Containers and Packages. When they still remain dirty, take them out on the Collection Day for Garbage to be Burnt.

☞ In addition to plastic spoons or straws provided by convenience stores, writing materials, plastic tapes and others without the sign of plastic  should be taken out as Plastic Waste for Thermal Source (category ③) on the Landfill Waste Collection Day.

---

## Child Raising

### Renewal Application: Grant for the Medical Cost in Single-Parent Family

Applications & Inquiries: Child Support Division (Child Allowance Section) ☎ 055-934-4827

When: June 2 (Mon) ~ 6 (Fri), 9:00 ~ 17:00

Where: Child Support Division (City Hall 1F)

Applicants: Members of fatherless or motherless family whose annual income is exempted from income tax.

※ Since the exemption for dependents was abolished in the latest tax system revision, in the fiscal year 2014 as well as 2013, the audit of applicant's annual income is to be conducted in the way of deeming that the exemption for dependents has been partly applied to the income.

What to bring: Notice letter, Health Insurance Card (of each member of the family), Certificate of the beneficiary of grant for the medical cost in single-parent family (orange colored), *inkan* (seal), Certificate of income and withholding tax for 2013, and others

※ Those who have newly become the applicants for the grant above should ask the Division for details.
