~Let's Support Our Local Football Team~

Keep It Up! azul claro Numazu

Azul claro Numazu joined Japan Football League (JFL) from this year. To be promoted to J League, their dream, the team invited a new supervisor, Mr. Kazuhito Mochizuki.

In this season some games were not good at the beginning, but the team developed their performances after every game. Now they progressed to a team that can excite the stadium.

Our annual ranking, 8th, didn't meet a requirement for promoting to J league. However, we are proud that we've got a J3 license for the second year in a row and had more than 23,000 spectators during the year. We will keep trying to be a member of J league with the encouragement of our sponsors, fans, supporters and citizens of Numazu. We appreciate your great support during this season.

Please refer to our website for the latest information. <http://www.azul-claro.jp/>
