Special Issue

Numazu Newsletters Issue 1,500!

Numazu Newsletters, starting in 1950, have given citizens lots of information about municipal administration and daily lives for 64 years. Now we have reached issue 1,500!

Let’s see the advances in Numazu newsletters from different angles.

Inquiries: Public Relations Division ☎ 055-934-4703

Issue 1 (It was issued on May 1, 1950.)

The feature on the first issue was the mayor’s remark about the issue of Numazu Newsletters and the city budget. In those days, the Numazu newsletters were circulated among households in their neighborhood, though they are now given to all the households in Numazu.

Issue 1000 (It was issued on Aug. 15, 1993.)

According to a questionnaire on Numazu Newsletter, what article interested readers most was No.1 =Emergency Hospitals, No. 2 =Feature Articles, No. 3 =Event Information.

The latest issue reached **83,700 copies**

Numazu newsletters started to be given to all the households in Numazu in 1953, when we issued 22,000 copies. It shows that the number of households in Numazu has increased for more than sixty years.

87.5 % of the citizens answered that they get information about municipal administration mostly from Numazu newsletters, according to a questionnaire. This shows that Numazu newsletters have a very important role in municipal administration.

Applications: Public Relations Division, Numazu City Hall, 〒410-8601

Public relations magazines, including Numazu Newsletters, are often said to be a pipeline between the administration and citizens. Their role is not only to inform citizens of municipal services, but also to feature people’s opinions and try to reflect them into the municipal administration. So, we’ll continue to make efforts to make information in newsletters much easier for anyone to understand. The Numazu newsletters record people in Numazu and their city once, now, and forever. We look forward to your continued patronage.
