Tour around 100 Treasure Troves in Numazu NO.39; Numazu Tanabata Matsuri ~Star Festival, seasonal sight of Numazu in summer~

‘Numazu Tanabata Matsuri (Star Festival),’

which is held in the shopping malls located in the central urban area, has been one of the seasonal sights of Numazu in summer. Each shopping mall enlivens the festival by elaborating their events; decorating beautiful *tanabata* ornaments, showing live performances, and others. ‘*Nakamise Tanabata Matsuri*’ was started in 1954 for the purpose of making it a special feature attraction of *Nakamise* shopping mall, whose 250 meter arcade is fully decorated with colorful streamers and strips of paper at the time of Star Festival. Visitors can enjoy viewing streamers and strips of various colors dangling from the arcade above the head; ranging from ornaments decorated with a motif of each shop’s popular topics to strips of paper which kindergarten and elementary school children wrote their wishes on. Many people come and enjoy these *tanabata*

ornaments every year. We can call this colorful scenery of *Tanabata* in the shopping malls unchanged for over 60 years a special feature attraction of our city.

• *Tanabata* Ornaments decorated in every color of the rainbow in *Nakamise* Shopping Mall can be seen until July 7 (Tue).
