✧ Please dispose of items correctly for recycling! ✧

On Plastic Container and Packaging Collection Day, many bags with violation stickers (red stickers) remain at collection points. Please review the guidelines for proper disposal and cooperate with us.

Trash disposal/ reducing guidebook

How to dispose of plastic containers and packaging

Plastic containers and packaging refer to containers and packaging made of plastic, vinyl, polystyrene foam, or other similar materials. Plastic containers that are not sorted correctly or are dirty cannot be recycled. To avoid negative impacts during intermediate processing and recycling, please dispose of them according to the rules. For details, please refer to the city website.

<Precautions for disposal>

- Only place clean plastic containers in the designated bag. If stains cannot be removed by washing or wiping, or if you are unsure whether stains have been removed, dispose of them as burnable waste.
- Do not place plastic products other than containers, such as PP bands, Ziploc bags, or clear plastic holders.
- If water accumulates at the bottom of the designated bag, it cannot be collected. Ensure all moisture is removed before disposal.
- Do not double-bag items, as this hinders foreign object detection checks.

- Do not place any plastic items with a recycling mark; bottles, cans, PET bottles, or other foreign object inside: Only items with プラ mark. This especially applies to items that could cause fire, injury, or infection, such as mobile batteries, lighters, and razors.

Curry, spaghetti, beef bowl - Retort pouches
Squeeze tubes - Place in designated garbage bags for incineration
